

On The Road

Meet the Members

Carol Smout & Tom Miller

Tom and I are extremely happy to be members of MadCityVettes. The cruising opportunities are unlimited – let the imagination go wild. We do want to thank everyone that has planned a trip. We wish we were able to cruise on all of them; however, our work schedules do get in the way of fun. I am in the Treasury Department at ABC and Tom works at Cedar Crest entertaining the residents during the day along with weekends at the Butterfly Restaurant in Beloit and various other “gigs”. We met due to my love of listening to various music and his love of playing music (my musical talents are limited to turning the stereo on and letting my voice get carried in the wind—preferably with the top down).

One of our early dates was the rollout party for 2007. It was actually the first one for both of us and it was quite impressive. We shall always have an imprint in our minds as well as our hearts - the friends and fun the club has brought us.

We especially enjoyed the Route 66 trip (something I have wanted to do since I first went through the Corvette Plant in approximately 1960. I have been lucky enough to have owned a 1962 Blue Convertible, a 1990 White Convertible, and now I have the Red 2001 Convertible. Mighty patriotic!
