David & Lesley Armstrong

Where do I begin?

David and I met in college and 2 weeks after we started dating David asked me to marry him. He had a need for speed back then .

We got married a year later (38years ago) and started moving; 13 times in 38 years. Then 11 years ago we came to Madison, which certainly has been one of our best moves because of all of you.

David is the Director of Sports Sales and Marketing for Clear Channel Radio. I am the Book-keeper/Accountant for Labor Unions in the State of Wisconsin.

We have 2 daughters, one son-in-law and 3 grandchildren. They all live in Wisconsin so we can see them often.

We bought our first Corvette (1980) in 2002 and joined the club in 2003. "Blackie" is a good old car, but our best purchase was Al Traverse's 2002 Electron Blue convertible . Thank you Al.

We enjoy being with our friends at Mad City Vettes.

Always remember to hug your Vette.
