

On The Road

“Meet your fellow Mad City Vette members”

Hi, we are Frank and Chris Weitzel, living in Stoughton where we have raised our two daughters, Kim and Jaime. Both of us grew up in Racine, WI, attending rival High Schools. We met when Frank returned from VietNam and he stopped to visit his cousin who, along with her husband, owned a restaurant. There, at a single glance, he fell madly in love with a cute little waitress working there.

We moved to the Madison area when Frank was hired by the Federal Aviation Administration working as an Air Traffic Controller. I have been a waitress, sales girl, bank employee, bookkeeper, church secretary and stay at home mom.

Frank has always loved cars & especially Vettes. One day he mentioned that if he died before he owned a real Vette, would I please put his ashes in one of his Franklin Mint Corvette models. Well, couldn't have that happen!

We have owned 6 Corvettes. We belonged to Badger State Vettes in Milwaukee until Paul Dowding got our club started. Our involvement with the club has been organizing Rallies, dinner runs & club trips to the Black Hills, Eureka Springs and the National Corvette Museum. Frank has been the club Governor and is currently the Ambassador between our club and the NCM. I am the club's Sunshine Lady.

Besides Corvetteing, we love to travel, especially taking ocean cruises. The best is a cruise with a Corvette theme! We look forward to everything our club members have planned and are so grateful for all the friendships that we have developed through the club.
